(Plus ticketing company service charge)

Tickets are needed for all guests occupying a seat, and seats are selected at the time of ticket order. A recital ticket will need to be purchased for your dancer if they will be sitting in the audience with you at all during the show. A ticket does not need to be purchased for your dancer, if staying backstage throughout the show, and does not need to be purchased for children sitting in a lap (age 3 and under). **Dance routines are performed back to back and we will not be making announcements for dancers needing to be backstage. Please read the following information carefully to ensure your dancer is present for the stage performance they have worked so hard for!

*Dancers performing in the first set (before intermission)- dancers will need to be dropped off backstage 20 minutes prior to show start time and may remain backstage through the entire cast FINALE at end of show. Dancers will be picked up directly from the stage at the conclusion of this Finale.

*Dancers performing in the second set (after intermission)- Our younger dancers have been scheduled after intermission and have the opportunity to sit with family in audience for first part of show (please purchase them a seat if they are not age 3 and under and able to sit in a lap). These dancers will need to be dropped off backstage at the start of the intermission and will remain backstage through the entire cast FINALE at end of show. Dancers will be picked up directly from the stage at the conclusion of this Finale. - Or if you feel the event might be too long for your child to sit through, you may arrive a half hour into the show and bring them back at intermission to meet their instructor and they'll remain seated backstage for rest of show.

*Older dancers (age 10+) can remain backstage throughout the show.

When dropping off your dancer backstage, please wait with child until designated instructor is available as they might be finishing up with previous show. When dropping off your dancer backstage, please make sure they are fully dressed in costume with hair, make up and dance shoes on. Dance instructors and staff will not be assisting with costume changes, so if your dancer is in more than one routine and needs assistance with costume change you will need to come backstage right after their first stage performance to get them dressed and prepared for their next dance.

Doors will open for guests to enter the theatre 15 minutes before show start time. Please be seated by start of show as shows will begin right on time. All entering with reserved seats through the front theatre entrance.
